

## Statement from the Director Hospital Supervision of the Barry Medical Centre

**Our mission as a Medical Care Centre is Accelerating Socio-economic transformation through provision of excellent medical care in a family centred environment.**

Barry Medical Centre and Barry Pharmacy are subsidiaries of Barry Development Corporation (BDC) established to contribute to the greater goal and aspiration of BDC aimed at addressing the needs of the people of Uganda as a whole and particularly the socio-economic aspects of the community. We are keenly attuned to the needs of our clients while we serve them. We firmly embrace the concept of the medical centralized base for caring for our clients and their entire family.

Our philosophy is shared by all our staff, from physicians to the front desk. We value the relationships with our families, and enjoy caring for newborns through young adults to old age. We are committed to continuously educating ourselves and incorporating the best of technology to provide excellent care.

Our mission is to provide our patients with the best and most comprehensive medical care possible from birth through young adults up to old age. Our practices are dedicated to providing family with quality care by assuring that each patient receives individual, personal attention. We accomplish this standard through close collaboration between our staff, our patients and their families. Our physicians and nurses are recognized for compassion, experience, knowledge and a commitment to excellence. We strive to build long-term, partnering relationships built on trust and mutual respect; We believe in prevention of disease and promotion of healthy life-styles for all our clients.

We strive to be an efficient and cost-effective practice in meeting the needs of clients during times of health as well as in times of illness. We practice medicine as a team and value the contributions of all of our staff in providing excellent medical care and service. We believe in the ethical practice of medicine, provide leadership throughout the community and provide service of those in our community in need.

As both doctors and devoted parents, we can tell you what a positive physician experience means to us. It means each client is given the individual attention and treated with care and gentleness as if they were our very own. We personally invite you to an experience worth

smiling about. To be the healthcare provider of choice for physicians and patients we deliver the healthcare we expect for our own family.

We strive to work with the community to improve the lives of our patients and their families. We provide clinical expertise to parents as well as other health professionals. We work professionally with our referring Doctors, to help them and look to them for their clinical expertise

Established and maintain the highest standards and achieve them by continually measuring and improving our outcomes

We are innovative and we welcome change, encourage invention and continually seek better, more efficient ways to achieve our goals

Ours is a 'Service above Self' as we strive to exceed our patients' and/or fellow caregivers' expectations for comfort and convenience. We deliver this service with Integrity. We adhere to high moral principles and professional standards by a commitment to honesty, confidentiality, trust, respect and transparency.

We demonstrate our commitment to world-class care by providing a caring and supportive environment for our patients, patients' families and fellow caregivers And INSPIRING PROGRESS.

Dr. Upenytho George Dugumm-Director Hospital Supervision of the Barry Medical Centre
